MASTERPIECE LIGHTING

EDISON PRICE LIGHTING

Edison Price Lighting has designed and manufactured innovative architectural lighting for over sixty years. Installed in over 450 museums and galleries around the world, Edison Price Lighting track luminaires are...

Optically Precise

By combining the most advanced LED modules with reflectors, baffles, and lenses, our track luminaires deliver all-purpose accent lighting, tight spotlighting, or uniform wallwashing.

Durability

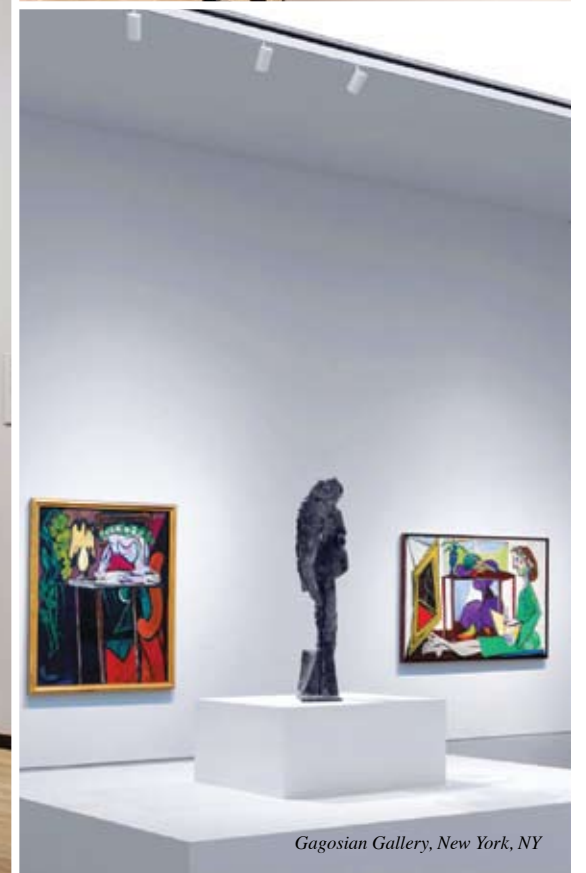

Using American-made steel, aluminum, and other high grade materials, we fabricate nearly all parts in-house to ensure decades of use.

Adjustable

Focusing is fast and flexible with 360°+ horizontal rotation and 90° vertical adjustment. Interchangeable 'twist and lock' reflectors and a complete line of optical accessories permit fine tuning to the needs of changing displays.

Made in USA

In our New York City factory, we combine computerized machinery with handcrafting techniques to transform regionally-sourced raw materials into world-class luminaires.

Your palette for ARTFUL ILLUMINATION

MiniMax XIM

All MiniMaxes can be addressed by Bluetooth enabled Xicato XIM module, offering onboard sensor and beacon functionality.

MiniMax LED

3 1/4" aperture. Powered by Xicato XTM module, up to 2100 lumens.

MiniMax LED O
Cross-baffle accent light, better shielding

MiniMax LED O LH
Open aperture accent light, better shielding

MiniMax LED NSP
Narrow spot light with ≤ 12,390 CBCP

MiniMax LED W
Wallwasher

Artima LED/3

3 5/8" aperture. Powered by Xicato XTM modules, up to 3500 lumens.

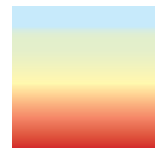

Artima LED/3 O
Cross-baffled accent light, better shielding

Artima LED/3 O LH
Open aperture accent light, better efficiency

Artima LED/3 NSP
Narrow spot light with ≤ 19,380 CBCP

Artima LED/3 W
Wallwasher

MidiMax LMT

Powered by Lumenix's araya LED module, the MidiMax LMT can be wirelessly adjusted for K color, CCT, hue, saturation, dimming, and on/off.

MidiMax LED

5" aperture. Powered by Xicato XTM module, up to 3000 lumens.

MidiMax LED O
Cross-baffled accent light, better shielding

MidiMax LED O LH
Open aperture accent light, better efficiency

MidiMax LED NSP
Narrow spot light with ≤ 19,380 CBCP

MidiMax LED W
Wallwasher

Artima LED/5

5 5/8" aperture. Powered by Citizen COB module, up to 7000 lumens.

Artima LED/5 O
Cross-baffled accent light, better shielding

Artima LED/5 O LH
Open aperture accent light, better efficiency

Artima LED/5 NSP
Narrow spot light with ≤ 80,838 CBCP

Artima LED/5 W
Wallwasher

Artima SRA AR111
Accent light, compatible with Soraa AR111 LED lamp, with 4°, 8°, or 9° beam

IDM MidiMax IDM Maxima

MidiMax and Maxima LEDs are available with integral dimming, offering individual fixture dimming and dimming on 277v track.

Maxima LED

5 3/4" aperture. Powered by Xicato XTM module, up to 3800 lumens.

Maxima LED O
Cross baffled object light for shielding

Maxima LED O LH
Open aperture object light for efficiency

Maxima LED NSP
Narrow spot light with 10,347 CBCP

Maxima LED W
Wallwasher

Stacklite CZR

Powered by Citizen's COB module, up to 2400 lumens.

Our widest wallwasher, spacing up to 4' for 12' walls. Internally adjusted so that multiple Stacklites always appear identical.

Magic Wand

2 1/2" aperture. Designed for use with MR16 retrofit LED lamps by Soraa and Philips, including Philip's dim-to-warm WarmGlow lamp.

Magic Wand MRE O
Accent light

Magic Wand MRE W
Wallwasher

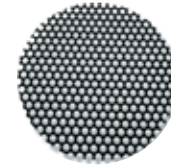

Perfect your lighting with Edison Price Lighting's complete line of 'Made in USA' optical accessories. Most luminaires accept up to two optical accessories.

Beam Smoother
Stippled glass to mix beam imperfections

Spread Lens
Ten prismatic designs, including 40° x 70°

Light Reduction Screen
33% and 50% reduction

Color Filter
Choice of Daylight blue, Surprise pink, Amber, Blue, Green, Red

For a consistent lighting program, select luminaires offering alternative mounting styles and functions, which match the performance and aesthetics of our track lighting.

Recessed
Downlights, accent lights, narrow spot lights, and wallwashers, distinguished by visually comfortable, low brightness apertures.

Surface Mounted
Outlet box mounting is available for all track mounted luminaires. Direct surface mounted and pendant mounted fixtures are also available.

Wallgrazer
Wallgrazing systems accentuate textured walls or brighten polished walls. Designed for mounting in architectural coves.

TRACK SYSTEMS

STRENGTH

Fabricated from a single aluminum extrusion, our track systems avoid unnecessary seams and joints that may compromise strength, and are mounted by heavy-duty pendants, aircraft cables, or hangers. Their long lifetime can accommodate generations of new fixtures installed.

ELEGANCE

Carefully mitered edges, hairline joints, and 3/4" narrow openings ensure minimal visual distraction.
