

MAGIC WAND® PWG W-OBM

surface mounted dim-to-warm wallwasher

FEATURES

Magic Wand PWG W-OBM is a surface mounted wallwasher designed for use with a Philips 12-volt, GU5.3 base, MR-16 shaped, 'WarmGlow' retrofit LED lamp (supplied by others).

- Philips WarmGlow 6.5MR16...

This lamp dims from 2700K to 2200K, providing an experience similar to the dimming profile of an incandescent lamp.

Fixture is designed for mounting on a 4" octagonal outlet box (by others). Fixture includes an integral electronic transformer.

The optical assembly consists of an integral specular reflector and 40° x 70° spread lens.

A flared socket cap prevents any backslash of light onto the ceiling.

Concealed swivels provide 350° horizontal rotation as well as vertical adjustment from 0° to 90°. Swivels are permanently tensioned, allowing the fixture to remain fixed at any aiming angle.

Magic Wand fixtures have seamless aluminum housings for lightweight durability. Standard finish is matte white with a white socket lead; also available in black and Industrial Silver matte paint finishes.

PRODUCT CODE

Complete Product Code..... MW-MRE-W-PWG-OBM
standard finish: matte white with white socket lead

OPTIONS

Specify by adding to the product code.
