

MAXIMA® 38 W

track mounted wallwasher

FEATURES

Maxima 38 W is an adjustable wall-washer designed for use with PAR-38 flood lamps (250-watt maximum). Fixture may be mounted on and powered by any of eighteen 20-amp 120-volt Edison Price Lighting track systems.

The optical assembly for Maxima 38 W consists of an internal specular reflector and a 40° x 70° spread lens. This assembly is fixed in place for precise aiming and easily removed as a unit for relamping.

A concealed swivel provides 385° horizontal rotation and vertical adjustment from 0° to 90°. The swivel is permanently tensioned, allowing Maxima fixtures to remain fixed at any aiming angle.

Maxima 38 W fixtures accept one or two of a number of Optical Accessories including a UV filter, color filters and light reduction screens.

Maxima fixtures have seamless aluminum housings for lightweight durability and cast aluminum tops for heat dissipation. Because their track adapters are entirely concealed within the track, Maxima fixtures have an exceptionally clean appearance. Standard finish is matte white; also available in black and Industrial Silver matte paint finishes.

APPLICATIONS

Fixture is suitable for wallwashing vertical surfaces in museums, galleries, showrooms, residences, offices and stores.

Fixture is listed for mounting on Edison Price Lighting 120-volt track only.

For the outlet box mounted version of this fixture, see **Maxima 38 W-OBM**.

PRODUCT CODE

Complete Product Code.....MAX 38 W

OPTIONS

Specify by adding to the product code.

a rocker type **on/off switch** on fixture top – SW
white switch for white fixture, black for Silver or black fixture,
specify which for custom color fixture

equipped for **outlet box mounting** with a
4 1/2" (114mm) dia matte white box cover;
mounts directly to a standard 4" (102mm)
