

LIGHT

Edison Price Lighting luminaires may help buildings earn certification by the **International WELL Building Standard™**.

This growing standard awards points for elements of design—including light—that promotes health and wellness.

WELL

BUILDING STANDARD™

GLARE MINIMIZATION

Edison Price Lighting reflectors are shaped and anodized to create **comfortable apertures**. Based on case study calculations, the following Edison Price Lighting luminaires, in select or all configurations, meet WELL's™ requirements for glare minimization and luminaire shielding.

3"

downlight **THREE XTM DL**
 remodeler downlight **PRESTO THREE LED DL • PRESTINA THREE LED DL**

4"

downlight **FOUR HI CZS DL • FOUR XTM DL • FOUR HI XTM DL • MOOD MASTER/4 DL**
 trimless square downlight **PRIM SQUARE DL/4**
 IC-rated downlight **EPIC FOUR HI CZS DL • EPIC FOUR HI XTM DL**
 remodeler downlight **PRESTO FOUR LED DL • PRESTINA FOUR LED DL**
 IC-rated accent light **EPIC FOUR HI XTM AA**
 very narrow spotlight **FOUR HI CLT VNSP**

5"

downlight **FIVE HI CZS DL • FIVE XTM DL**
 trimless square downlight **EPIC FIVE HI CZS DL**
 IC-rated downlight **FIVE HI CZS AA**
 remodeler downlight **PRESTO FIVE HI DL • PRESTINA FIVE HI DL**
 IC-rated accent light **EPIC FIVE HI CZS AA**
 very narrow spotlight **FIVE HI CLT VNSP**

CIRCADIAN RHYTHM EMULATION

Edison Price Lighting luminaires are compatible with **advanced control systems**, including Zigbee-based wireless controls, DALI, DMX, and others, which can be programmed to emulate the circadian rhythm.

LONG LASTING

WELL™ buildings must be recertified every 36 months. Edison Price Lighting luminaires are **built to last**, thanks to heavy-gauge metals, Made in USA manufacturing, and access to the LED and driver through the aperture.
