

You're invited!

# LIGHT.IN action

## TECHNOLOGIES, TOOLS, and TRENDS

Light in Action is a free, **3 AIA HSW-credit educational program** that teaches:

- artful lighting techniques
- Zigbee and Bluetooth-based controls
- WELL, circadian rhythms and glare-free illumination
- tunable color
- luminaire adjustability
- serviceability considerations
- modification possibilities
- defending specifications

*Factory tour, luminaire demonstrations, and other programs also included.*

Light in Action is hosted on the following Fridays: **January 25, April 12, June 7, August 16, October 11**
