

ARTIMA® PWG W-OBMX

surface mounted dim-to-warm wallwasher

FEATURES

Artima PWG W-OBMX is a wallwasher designed for use with a Philips 12-volt, GU5.3 base, MR-16 shaped, 'WarmGlow' retrofit LED lamp (supplied by others). This lamp dims from 2700K to 2200K, providing an experience similar to the dimming profile of an incandescent lamp.

- Philips WarmGlow 6.5MR16...

Fixture is designed for mounting on a 4" octagonal outlet box (by others) and includes an integral 120/12-volt electronic transformer mounted on top of the outlet box cover.

The optical assembly consists of an integral specular reflector and 40° x 70° spread lens.

A socket cap prevents any backsplash of light onto the ceiling.

Fixture provides 385° horizontal rotation and vertical adjustment from 0° to 90°. Lamp focus can be locked by tightening two collar clamps using 3/32" and 7/64" hex keys.

Standard finish is matte white with a white socket lead; also available in black and Industrial Silver matte paint finishes.

PRODUCT CODE

Complete Product Code..... ART-MRE-W-PWG-OBMX
standard finish: matte white with white socket lead
