# MAXIMA® 30SE O-OBM

surface mounted LED PAR30 accent light

- Fixture is designed for mounting on a 4" octagonal outlet box (by others).
- The optical assembly for Maxima 30SE O-OBM is a matte black cross-baffle which reduces spill light and controls lamp brightness. This assembly is fixed in place for precise aiming and easily removed as a unit for relamping.
- A concealed swivel provides 385° horizontal rotation and vertical adjustment from 0° to 90°. The swivel is permanently tensioned, allowing Maxima fixtures to remain fixed at any aiming angle.
- Maxima 30SE O-OBM fixtures accept one or two of a number of [Optical Accessories](#) including spread lenses, a beam smoother and color filters.
- Maxima fixtures have seamless aluminum housings for lightweight durability and cast aluminum tops for heat dissipation. Standard finish is matte white; also available in black and Industrial Silver matte paint finishes.
- For more information, [click here](#).

#### Lamps By Others

Edison Price Lighting does not include lamps and does not sell either lamps or their accessories.

#### Dimming

For dimming compatibility consult the lamp manufacturer's website.

Maxima 30SE O-OBM is an accent light which has been checked for fit and initial operation with the following PAR-30 (short neck) retrofit LED lamps:

- Sora PAR30S
- Green Creative PAR30 Short neck
- Contact factory with additional lamp inquiries
