DARKLITE® 38E SM

surface mounted PAR 38 LED downlight

FEATURES

- **Darklite 38E SM is a 6" aperture downlight** which has been checked for fit and initial operation with the following PAR 38 LED retrofit lamps (supplied by others):
 - KETRA S38
 - Soraa PAR38
 - GE PAR38
 - TCP Allusion PAR38, dim-to-warm
 - Additional lamps may be suitable. Contact factory with inquiries.
- **Fixture includes a 5 3/4" diameter reflector** – the smallest aperture possible that allows the lamp to be removed without removing the reflector. The reflector is precisely designed to minimize aperture brightness, with a shielding angle of 40°. Housing finish is matte white.
- **Reflector is available in three clear natural aluminum finishes** — semi-specular (C), slightly diffuse (V) or fully diffuse (EC) — as well as champagne gold or black Alzak®. Other reflector finishes are available on special order.
- **Fixture includes a reveal at the top of the housing** which serves as a vent for air drawn through the fixture.
- **For more information, [click here](#).**

APPLICATIONS

Fixture is suitable for 120-volt electrical service and is listed for Damp Location and mounting on a standard 3 1/2" x 3 1/2" x 1 1/2" deep octagonal outlet box (by others).

LAMPS BY OTHERS

Edison Price Lighting does not include lamps and does not sell either lamps or their accessories.

DIMMING

For dimming compatibility consult the lamp manufacturer's website.

WIRELESS LIMITATIONS

The wireless range of lamped fixtures will vary with lamp and site conditions.
