

# PRESTO™ DL 30SE/6AA

recessed short neck PAR 30 LED accent light remodeler

## FEATURES

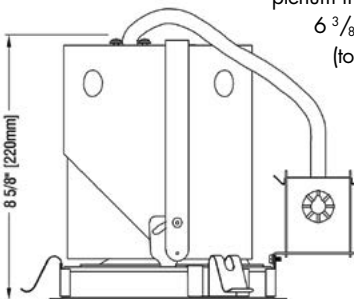

- **Presto DL 30SE/6AA is a 6" aperture remodeler accent light** designed for installation from below in an existing ceiling.
- **Fixture has been checked for fit and initial operation** with a PAR 30 short neck LED retrofit LED lamp (by others) including:
  - Soraa PAR30S
  - Ushio Uphoria PAR 30 S
  - Additional lamps may be suitable. Contact factory with inquiries.
- **The reflector is cut at 30° for optimal performance.** Precise reflector design minimizes aperture brightness.
- **Presto DL 30SE/6AA provides 210° horizontal lamp rotation** (the remaining 150° of travel is prevented by the presence of the splice compartment). Fixture provides 0°–45° angular adjustment at all but three points where the adjustment is limited to 0°–40° by the presence of mounting springs. Once focused, both horizontal rotation and angular adjustment may be locked in place.
- **Reflectors are available in three clear natural aluminum finishes** — semi-specular (C), slightly diffuse (V) or fully diffuse (EC) — as well as champagne gold or black Alzak®. Semi-specular, gold and black finishes are recommended for smooth beam patterns on light surfaces. Other reflector finishes are available on special order.
- **Trim flange conceals edges of ceiling installation hole.** Standard finish is white; custom paint finish available on special order.
- **Housing is constructed from 20-gauge electro-zinc, polyester-coated steel in Edison Price Lighting's American factory.** Heavy-gauge metals, an additional protective coating, and American manufacturing guarantees long-lasting durability.
- **For more information, [click here](#).**

## APPLICATIONS

Installation locations should offer the following conditions:

- ceiling material 1/2" to 1" thick capable of supporting 19 pounds
- recess depth of at least 9 1/8"
- plenum free of joists or obstructions for at least 6 3/8" from center of hole along one side (to accommodate junction box).

Fixture is listed for Damp Location, prewired with thermal protector. Removal of the reflector and housing from below allows access to the junction box.

- **Standard recessed, see [Darklite 30SE/6AA](#)**

## PRODUCT CODE

For complete product code, list basic unit and select one item from the following box.

Basic Unit ..... PST-DL30/6AA  
 Custom painted trim flange available on special order. Add -CC

### Reflector and Flange Color

Semi-specular Clear ..... CTF  
 Slightly diffuse Clear ..... VTF  
 Fully diffuse Clear ..... ECTF  
 Champagne Gold ..... GTF  
 Black ..... BTF  
 Other reflector finishes are available on special order.

Example: PST-DL30/6AA BTF is the complete product code for a fixture with a black reflector.

## OPTICAL ACCESSORIES ▼ See next page

### Lamps By Others

Edison Price Lighting does not include lamps and does not sell either lamps or their accessories.

### Dimming

For dimming compatibility consult the lamp manufacturer's website.

### Wireless Limitations

The wireless range of lamped fixtures will vary with lamp and site conditions
